Mike and Ryan,

Here is an example email I have sent following making contact with someone who has been deployed. In this case it is Chris Lister, we are deploying him for Sediment Sampling. (We left the date 8/17 out of the email and let him put that on his TA) *Italicized duties below will vary depending on what the person will be assigned to do, I listed all of the duties for you as FYI.*

Please let us know if there is any more information you need. Thank you for your help to facilitate the mob/demob process.
